(The Mandala: A Peg System of Memory Based on Visualization)

Seal Five: The Mathematic; Logical Expression of Self-Awareness (Sacred Geometry)

The 'ideal' is the perfect object or state, which exists only in the mental realm of the human mind. Lucid contemplation upon ideal worlds (numbers, dimensions) are in the category of the Divine or Absolute, as they take place within the Ineffable, itself. Perfect geometrical shapes and motions, or forms, may be visualized in the imagination, expressed in art or acted out in ritual or meditation. This is the mystical union of the mortal with the eternal, and in alchemical terms, the creation of a Perfected Immortal.

Seal Six: The Sublime Being or Inner Guide

Once the alchemist has eliminated preference of feeling and thought, he is at the summit of consciousness; objective and indifferent interpretation of things and events; pure consciousness. The consciousness is the same as imagination because any image we receive from the external world is filtered through our own personal lens of experience and expectation.

To return to metaphors, consciousness is like a mirror which always has a reflection of images upon it. What does the mirror look like with no reflection? What is pure consciousness with no impressions? There is no such thing. But a mirror can reflect another mirror, what is the image, then? *Then the reflection is empty*. Like this phenomenon, the consciousness must reflect or imagine only itself, *then the imagination is empty*. This emptiness is pure awareness. Pure awareness is free of expectation.

Your own consciousness, unformed and void, your intellect luminous, your heart in peace and bliss, this is enlightened being, the Inner Guide or Immortal Emperor or Empress. The Immortal Emperor is beyond birth and death and beyond the illusions of the mind, the good and evil deities and all material things; it is the original nature of all beings, the True Self.

Seek this, keep yourself in the Immortal Emperor/ Empress, and illusions will be dispelled, immortality realized, and death and life become as one. Keep this as your focus and your dealings with all events and beings will lead you to justice, goodness, and peace.

0. O Nothing King, who brought us into this existence through the seven phases of Creation, bring us back to you. Reverse the process of age. Return us to our source, the Inner Guide, the Immortal Sovereign, and into transcendent being with you.
